Spx3012 distribution box

Overview

Sensor/actuator box, Application: standard, Connection method: M12-SPEEDCON-socket plastic, Number of slots: 6, Number of positions: 5, Coding: A-standard, Slot assignment: double, Status display: yes, PNP; Master cable connection: Pluggable screw connection 180°, Shielding:. Sensor/actuator box, Application: standard, Connection method: M12-SPEEDCON-socket plastic, Number of slots: 6, Number of positions: 5, Coding: A-standard, Slot assignment: double, Status display: yes, PNP; Master cable connection: Pluggable screw connection 180°, Shielding:. Use distributor boxes for quick and clear cabling in the field. Distributor boxes bundle several cables into one master cable that is connected to the controller. Thanks to the status indicator, you have an overview of a large number of signals. These robust devices can safely absorb repetitive ESD strikes above the maximum level specified in the IEC 61000-4-2 international standard (±8kV contact discharge) without performance degradation. Distributor box, application: Standard, connection. Passive distributor boxes create the connection between the I/O device and the PLC. Due to the growing networking of machines and systems, there is a growing demand for reliable and future-proof cable connections.

13-14 Upper Deck SPx Hockey 12 Box CASE

Team Randoms can be found in the break thread on our online store in the Past Group Break section - cloutsnchara /product

SP302 Series

Description The SP3012 Series integrates 6 channels of ultra low capacitance rail-to-rail diodes and an additional zener diode to provide protection for electronic equipment that may experience destructive

Distributor box | Phoenix Contact

Distributor box, application: Standard, connection method: M12-SPEEDCON-socket Plastic, number of slots: 6, number of positions: 5, coding: A, slot assignment: Double, status display: No, Universal;

Splice boxes | Phoenix Contact

Splice boxes ensure continuously reliable real-time data transmission. With their compact and uniform design, the splice boxes for both the DIN rail and 19"

1452835 | Phoenix Contact | Sensor-Actuator

Sensor-Actuator Distribution Boxes 1452835 from Phoenix Contact large selection from stock Top brands available immediately order online now!

TVS-Diodenarrays SP3012

Die SP3012-Serie integriert 3, 4 oder 6 Kanäle von Rail-to-Rail-Dioden mit extrem niedriger Kapazität und einer zusätzlicher Zener-Diode zum Schutz für elektronische Geräte, die zerstörerischen

Distribution boxes – For modular and decentralised

Modern automation solutions are becoming increasingly decentralised. As a result, you need distribution systems that can be easily integrated into the common

Polylok 12" Distribution Box

Polylok 12" distribution boxes are engineered for optimal drainage management across a wide range of applications. These versatile D-boxes effectively

Portable Power Distribution Units & Boxes| LEX Products

Lex Products offers a full range of portable power distribution boxes and units, specifically engineered for indoor and outdoor use for the

Distributor boxes | Phoenix Contact

© 2026 KWSA Networks (Pty) Ltd - All rights reserved

Use distributor boxes for quick and clear cabling in the field. Distributor boxes bundle several cables into one master cable that is connected to the controller. Thanks to the status indicator, you have an

Power Distribution Boxes

Explore our Power Distribution Boxes! Enjoy factory-direct sales and expert customization for efficient power management. Shop now for reliable solutions

small distribution boxes | DISTRO-DIRECT

DISTRO-DIRECT powered by INDU-ELECTRIC offers a wide range of small distribution boxes. Our small distribution boxes in the type 10 and type 11 series,

M12 push-pull distributor boxes | Phoenix Contact

The M12 push-pull distributor boxes feature a consistent, tool-free, and intuitive installation. Master cables and M12 connectors are connected conveniently and safely by direct connection.

Temporary X-TREME Power Distribution Box, 125/250V

The specifications for the Mini X-Treme Box indicate that it uses a 125/250V 30A L14-30P twist-to-lock inlet. This type of inlet is typically used for single-phase

Distributor boxes for signal and power applications

Use distributor boxes for quick and clear cabling in the field. Distributor boxes bundle several cables into one master cable that is connected to the controller. Thanks to the status indicator, you have an

Water Distribution System, Piping | SPX Cooling Technologies 600

Download manual for SPX Cooling Technologies 600. Learn more about Water Distribution System, Piping, Valves, Splash Boxes, Nozzles.

12U 12 Way 3 Phase Power Distribution Box

Professional 3 Phase Power Distribution Box with 400A Camlock I/O, 12x L21-30R outlets, . Customizable configurations, CE-certified, factory-direct pricing.

SP3012 Series Low & Ultra-Low Capacitance | Littelfuse

The SP3012 integrates 3, 4, or 6 channels of ultra-low capacitance rail-to-rail diodes and an additional zener diode to provide protection for electronic equipment that

Distribution box | OBO
