Online intelligent diagnosis, 1-second response 7/24 calls for manual services Regarding product after-sales issues, you can create a service request online A wide range of training courses to support you become a certified installer and grow business Find your FAQ answered by technical engineers. A Solar Power Purchase Agreement (SPPA) is a financial arrangement in which a third-party developer owns, operates, and maintains the photovoltaic (PV) system, and a host customer agrees to site the system on its property and purchases the system's electric output from the solar services provider. SSWISS GROUP AG is a Swiss company specializing in scientific research and the implementation of innovative standards in the field of solar energy. The company owns the brand Swiss Solar, which represents premium quality and reliability of next-generation solar modules.
