

Armored Fiber Optic OM3

Overview

The AOCFiberlink 8-Core TPU OM3 Armored Fiber Optic Cable is engineered for professional broadcast, AV, stage, and tactical deployment applications requiring high flexibility, durability, and stable high-speed optical transmission. An automated network mapping system that replaces labor-intensive, error-prone cable documentation to manage cables. It can protect fibers. Corning MIC® interlocking armored plenum cables are designed for use in plenum, riser and general purpose environments for intrabuilding backbone and horizontal installations. These multifiber cables use individually jacketed 900 µm buffered fibers enabling easy, consistent stripping and. Fibre optic cable manufactured by Draka using BendBright technology. Draka fibre BendBright technology enables enhanced bending performance. Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more. This exclusive OptoLock Armor uses military grade steel and a unique system of overlapping links to enclose the internal fibers in.
