

Carrier Data Center Solutions

Overview

Carriers are capitalizing on their strengths in computing and networking to build secure, green, and low-carbon data centers that deliver high computing power. Standard data centers built by carriers provide comprehensive B2B services such as server hosting, leasing, and other. Optimize your data center's performance, sustainability and resilience with Carrier's QuantumLeap comprehensive suite of Thermal and Integrated Management solutions. From chip to chiller, QuantumLeap™ enables end-to-end thermal management by integrating intelligent cooling, digital. Cooling firm Carrier Global Corporation has launched a new range of cooling distribution units (CDUs) for liquid cooling in data centers. The company announced the launch this week, expanding its range of purpose-built data center solutions under the QuantumLeap name. The CDU product family. Carrier QuantumLeap™ isn't another cooling product — it's a complete thermal management ecosystem. Reliability and Precision are the. Carrier Global Corp. saw 6% year-over-year sales growth in the fourth quarter of 2024, led by an 11% organic increase in HVAC sales, the company reported Tuesday.

Service Solutions for Data Centers | Carrier

Discover how BluEdge provides dynamic, reliable, and secure data center solutions. We tackle mission-critical challenges with tailored, proactive services

Carrier QuantumLeap™ CDU: Next-Gen Data Center Cooling

With Carrier, you get a trusted partner and a long heritage of innovation in cooling and applied system design, now focused on the future with liquid cooling, SmartVu™ controls, and integrated...

Data Center Thermal Management | Carrier Commercial

Optimize data center cooling with Carrier Commercial's HVAC solutions. Reliable, efficient systems for critical environments. See benefits now.

Data Center Thermal Management | Carrier Commercial

Learn about Carrier's advanced HVAC, Thermal and Integrated Management solutions tailored to meet the evolving demands of modern data centers.

QuantumLeap Data Center Solutions

As your data center evolves, you need cooling system solutions – and a trusted partner – that can evolve with it. At Carrier, we're here to help with QuantumLeap™, a comprehensive suite of purpose

Carrier Introduces QuantumLeap, a Comprehensive

Carrier QuantumLeap provides a fully integrated suite of solutions to seamlessly manage the entire thermal lifecycle of data centers. From chip to

Carrier launches CDU for liquid cooling

The firm launched QuantumLeap, a new suite of solutions for data center thermal management, earlier this year. The suite includes chillers and air

Carrier Introduces QuantumLeap, a Comprehensive

Carrier QuantumLeap Solution for Data Centers Carrier QuantumLeap provides a fully integrated suite of solutions to seamlessly

Open Access Data Centres | OADC | #1 Carrier-Neutral

Africa's fastest-growing data centre company. Carrier-neutral, open-access facilities across South Africa, Nigeria & DRC. World-class colocation & connectivity.

Carrier CDU: Advanced Data Center Cooling for

As your data center evolves, you need cooling system solutions – and a trusted partner – that can evolve with it. At Carrier, we're here to help with

End-to-End Supply Chain Management Solutions | Blue

Blue Yonder's workforce management solutions address today's labor challenges with flexible scheduling, reliable time tracking, and long-range planning. Blue

Efficient, high-performing Carrier HVAC solutions DESIGNED FOR

Nlyte Asset Optimizer king with an open and scalable software solution designed for the data center. Nlyte Asset Optimizer simplifies space and energy planning and connects seamlessly with IT Service

Data Center Company & Enterprise Network

Equinix is the largest global data center and colocation provider for enterprise network and cloud computing. Secure datacenter management technologies

Data Center

DCaaS leverages AI-powered monitoring, dark fiber connectivity, and real-time optimization to deliver seamless data center operations. Businesses benefit from lower costs, increased agility, and

Carrier Advances Data Center Sustainability with Next-Level Lifecycle ...

Carrier is providing digital lifecycle solutions to support the unprecedented growth and criticality of data centers. More than 300 data center owners and operators with over one million racks, spanning

QuantumLeap Data Center Solutions

Lifecycle solutions for complete data center optimization Data centers have never been more strategic or critical than they are today. They have also never faced greater scrutiny regarding efficiency,

Carrier Advances Data Center Sustainability with Next

Carrier is providing digital lifecycle solutions to support the unprecedented growth and criticality of data centers. More than 300 data center

Carrier Launches QuantumLeap for Data Center

As demand for data center cooling grows, with projections reaching \$20 billion by 2029, Carrier is expanding its portfolio with energy-efficient

Carrier unveils data center strategy, growth in Q4

Carrier, like many other HVAC and cooling providers, is also pushing into the data center market and is expecting \$1 billion in sales during 2025, CEO

DESIGNED FOR THE DATA CENTER

DESIGNED FOR THE DATA CENTER Lifecycle solutions for complete data center optimization ever faced greater scrutiny regarding efficiency, availability and flexibility. As your data center evolves, you

Johnson Controls launches new chillers, Carrier

Johnson Controls has launched new centrifugal chillers for data center cooling. Carrier has launched a new Computer Room Air Handler

Carrier Data Center Solution | Huawei Digital Power

Carriers are capitalizing on their strengths in computing and networking to build secure, green, and low-carbon data centers that deliver high computing power.

All Products and Solutions

Directory of Huawei enterprise IT infrastructure products, solutions, and services.

Cisco Networking for Service Providers

Find the scalable network infrastructure and software solutions to address your challenges with Cisco Networking for service providers.

Data Center Resources: Guides, Insights | Carrier Commercial

Transforming Data Centers into District Heating Sources Carrier's innovative HVAC solutions turned data center heat into a resource for district heating, reimagining sustainability and resource use.

Carrier Quantum Leap: The Future of HVAC Innovation

As a global leader in intelligent climate and energy solutions, Carrier combines technical mastery with customer partnership. Our deep understanding of the data centre sector allows us to design, deliver

Carrier Introduces QuantumLeap, a Comprehensive

Carrier Global Corporation (NYSE: CARR), global leader in intelligent climate and energy solutions, today unveiled Carrier QuantumLeap™, a comprehensive

Optical networks | Nokia

Nokia optical network solutions for transport networks with advanced coherent optical engines, scalable open optical line systems, and AI-powered automation.
