

Ireland s heat-sensing optical cable manufacturer

Overview

Silixa provides fibre optic cables specifically tailored to the requirements of Distributed Fibre Optic Sensing, allowing the user to achieve the optimum performance for their application. At Precision Cables we provide the most extensive range of industry leading cable products and solutions to the Irish Market. Their product. CEF | Fiber optic cable manufacturing and distribution company., a Cunext Group company, has reached an agreement to acquire and integrate the productive [.] Optral Drives Future Mobility: SCORPUS Project - KSSP - Innovation in. Heatsense Cables is one of the UK's leading cable manufacturers of specialist high performance cables that operate in extreme environments from -273°C (-459°F) to $+1250^{\circ}\text{C}$ ($+2282^{\circ}\text{F}$). Our range includes cables that are resistant to flame, oils & chemicals, operate in ultra-high-vacuum, low.

Top 31 Optical Sensor Manufacturers in Ireland (2026) | ensun

Top Optical Sensor Manufacturers in Ireland The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers
Supplier discovery Electronics

Cable Accessories Limited

Cable Accessories Limited, Unit 5, Red Cow Interchange Estate, Turnpike Road, Ballymount, Dublin 22, Ireland, D22FP22 +353 1 464 1477 +353 1 464 1487

Linear Heat Detection Sensor Cable

Linear Heat Detection Sensor Cable Luna provides the appropriate sensor cable for every application and when working with us we will help you pinpoint the exact

Top 53 Wire And Cable Companies in Ireland (2026) | ensun

Precision Cables is a distributor specializing in high-quality cable products and accessories, with over 40 years of service to the Irish market. The company offers a wide selection of safety standard approved

DTSX1 Fiber Optic Heat Detector

The DTSX1 measures temperature and detects heat using fiber optic cable It is similar to the traditional Linier Heat Detector (linear sensor of a fixed

Cable Harness Assembly Manufacturer | SPEED Electronics Ltd | Ennis

Electronics Manufacturing, Cable Harness Assembly & Distribution operation based in Ennis, Co. Clare, Ireland

New €5m project will transform fibre optic cables into active sensors ...

By transforming fibre infrastructures into vast sensing systems, ICON will also redefine how networks operate and evolve in the coming decades. The project aims to transform fibre optic

Fibre Optic Cables - Mouser Ireland

Fiber Optic Cables are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many fiber optic cable manufacturers including Broadcom, Banner

High Performance Fibre Optic Cables for Distributed

We maintain excellent relationships with many fibre and cable manufacturers and have a proven ability to draw on technical expertise from across the industry to

Distributed Temperature Sensing

A Distributed Temperature Sensing (DTS) system monitors temperature over long distances or across large surfaces, it could be along submarine or underground

Luna Innovations | Fiber Optic Sensing and

Luna fiber optic sensing and measurement systems help design, build and maintain products and processes for aerospace, energy, and more. Explore solutions now.

Linear Heat Detection Cable (LHDC) by Honeywell

Honeywell System Sensor offers Linear Heat Detection Cable (LHDC), a state-of-the-art continuous heat detector designed to detect and respond to fire or other

OPTICAL SENSORS

Thermelec stockist of OPTICAL SENSORS in Ireland. Explore our wide range of Electronic Sensors in stock. Order now for express delivery.

Fibrelink Ireland – Fibrelink Ireland – CAT 6 Cabling and Fibre Cabling ...

Ireland's Cable Company FibreLink is a leading Irish provider of high-speed broadband infrastructure, specialising in the design, installation, and maintenance of fibre optic and structured cabling systems.

Linear Heat Detection Cables (Fiber Optic) | ATP Solutions

Fiber optic sensor cables can be used not only for data transmission, but also for measuring temperature, strain, and acoustic signals, even in harsh environments. AP Sensing's Distributed

Linear Heat Detection, Linear Heat Detection Cables,

This system typically employs a proprietary graphic command-and-control workstation for managing the entire Fire Detection System. Two variants of

Fiber Optic Temperature Sensing and Measurement

Fiber optic temperature sensors are immune to the many environmental effects that compromise other measurement technologies, can be embedded and installed

Linear Heat Detection Cables Manufacturer

Digital Linear Heat Sensing Cables by Tempsens, a leading Manufacturer of tri-metallic twisted pair linear heat detection cables for industrial fire detection.

Optris: Industrial Infrared Sensors & IR Cameras

Optris has been developing and manufacturing affordable innovative infrared measurement devices for non-contact temperature measurement, including infrared cameras, and stationary industrial infrared

CEF | Fiber optic cable manufacturing and distribution

We have a wide range of fiber optic cables that cover all the needs and possible applications in indoor and outdoor floor cabling.

Fiber Optic Cable | Farnell® Ireland

Buy Fiber Optic Cable. Farnell® Ireland offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

About Us | Photonics Ireland

This includes research in areas such as biophotonics, photonics integration & packaging, optical networks and photonic devices, and its translational into products across many sectors, such as high

Fiber Optic Sensor Cables for Advanced Monitoring

AP Sensing's fiber optic sensor cables enable real-time, precise monitoring of temperature, strain & acoustics in harsh environments with minimal maintenance.

Prysmian: innovating in breakthrough fibre-optic

Distributed Fibre Optic Sensing (DFOS) is a technique that is becoming more and more relevant in monitoring critical assets and infrastructures. Thanks to DFOS,

Cable Manufacturers of High-Performance Cables

All Heatsense cables can be manufactured to order, therefore can be customized, combined into multi-strand configurations and braided into a single large cable
