

LX 5 Connector Smart Type

Overview

- Latched push-pull connector
- Automatic metal shutter in connector and adapter as dust and laser beam protection
- Small Form Factor connector for high packing density. Made in both die-cast and industry compliant thermoplastics, the MPO adapter is precision manufactured to insure intermateability with industry standard assemblies and connectors. Available with various flange styles, Amphenol MPO. The LX. 5-connector, based on the proven 1.25 mm ferrule technology, is the only standardized small form factor connector combining high packing density, reliability, high performance and safety due to its automatic metal shutter.

5 in future releases of Netbox?

While creating front ports on optical patch panel I ran into a limitation that LX. 5 (IEC 6175 n Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified 1997, les publications de la CEI. Hyoptic LX.
