UDB-N SERIES 1 PHASE DISTRIBUTION BOX (IP40)

Your are here: Home > Products > Distribution Board > UDB-N SERIES 1 PHASE DISTRIBUTION BOX (IP40)

TwinLine N

Fully comprehensive product series of wall-mounting and floor-standing cabinets for distribution board assembly. The TwinLine N 55 cabinets are available in both

Distribution boxes – For modular and decentralised solutions

We provide you with information on our distribution boxes for download. Download our product catalogue for sensor-actuator cabling and circular connectors or our portfolio overview for

PT Series (4-Pin Connector)

The PT series 4-pin M12 connector sensor distribution boxes allow easy power supply and signal transfer to sensors without individual wiring. The PT series can

[ABB contractor catalogue.pdf](#)

A range of three phase MCB distribution boards which allows the option of metering in each section. This makes these units suitable for individual monitoring of the power and lighting circuits within an

Simplify Sensor Wiring With Autonics PT Series Sensor

Autonics' new PT series 5-pin M12 connector sensor distribution boxes are designed to simplify complex sensor wiring by supplying power and

Products / MCB | Nader Circuit Breaker

Nader NDP3A concealed distribution box series is applicable to indoor AC 50Hz or 60Hz, rated working voltage up to 440V, generally not exceeding 35 °C and occasionally reaching 60 °C.

Passive Distribution Boxes

Our passive distribution boxes feature industry standard M12 and M8 I/O connection ports and are IP67 rated. With a compact design and robust anodised aluminium housing that is IP67 sealed and fully

NLGD Series Plastic Distribution Boxes: Reliable Power Protection for ...

Discover the NLGD series plastic distribution boxes by Ruideli Technology — engineered for safety, durability, and efficient power distribution in industrial environments. Ideal for panel

Electrical Enclosures | nVent HOFFMAN

Electrical Enclosures | Hoffman nVent HOFFMAN enclosures help improve safety, reduce installation time, and protect mission-critical systems—keeping operations running smoothly while safeguarding

Distribution boxes - For modular and decentralised

Modern automation solutions are becoming increasingly decentralised. As a result, you need distribution systems that can be easily integrated into the common

The Cube® Series - Non-Conductive Power Distribution

The Cube® - US Patents # 7848085 / # D656,099S INDU-ELECTRIC proudly presents the Cube® Series—our most compact line of non-conductive power distribution boxes, engineered for

PASSIVE DISTRIBUTION BOXES

Murrelektronik's passive distribution boxes provide a much more convenient method for connecting sensors and actuators to the control cabinet. Murrelektronik supplies a comprehensive range of

Distribution Box

Need help with your purchase, guidance on the products or any general assistance, please reach out to us. Din rail mount IP65 enclosure - Excludes Earth / Neutral Bar
nExterior dimensions (Height x

Final Power Distribution Boxes | Product Catalog | CHINT Global

Compact final distribution boxes for safe, accessible, and precise power control across all electrical environments.

mbox_om.pdf

Application area The MP/MN distribution panels are applied in various industries, in energy distribution sector and also for residential, commercial and office centers. They are used for switching, protection

DISTRIBUTION BOXES

Rated Current (4-6-12 positions): Current carrying capacity per I/O signal: 2A. Current carrying capacity per slot: 2A. Total rated current: 2A.

M Series Distribution Boxes

M Series Distribution Boxes Amphenol LTW's distribution boxes offer streamlined connectivity solutions for industrial efficiency Amphenol LTW's distribution boxes serve as an organized hub for M8 and

Eaton XBoard Distribution Box

XBoard series: be created as classic work XBoard Distribution Box XBoard (XDB) integrates the best features of Eaton Echidna and Moeller device to itself. XBoard is custom designed and created

Electrical Distribution Boxes for Power Distribution

These Distribution Boxes enable decentralized installation of the electronics close to the load. The range of applications extends from pure energy distribution in

Distribution Boards

Distribution boards, also known as power distribution boards or panels, are essential for the safe and efficient distribution of electricity from a single power source to

ELSPRO Solid Rubber Safety Distribution Boxes K2 Series

The Giant — its special construction form together with generous dimensions of 400 x 400 x 275 mm turn the NÜRNBERG series into an ALL-ROUNDER among mobile power distribution boxes — it's

M12 and M8 Series Distribution Blocks

M12 and M8 Series Distribution Blocks Overview Single-wire connectivity in machines and installations is troublesome and error-prone. Murrelektronik's passive distribution boxes provide a much more

Control and distribution boxes made of stainless steel Series 8150

R. STAHL Series 8150 control and distribution boxes are made of brush-finished stainless steel (1.4301, AISI 304 or 1.4404, AISI 316L) and are extremely robust: High-quality seal materials make them

Electrical Enclosures | nVent HOFFMAN

An extensive global network of more than 3,000 distributors ensures you can quickly access the products you need.
