

SDI Eye Surveyor

AOC
QSFP28 to 4*SFP28
100G
OM3/OM4

Overview

Comprehensive solution for real-time and offline analysis of SDI up to 4K UHD, now with SMPTE 2110 support. Provides in-depth inspection of video, audio and ancillary data, including closed captions, teletext, and SCTE 104 triggers. Ideal for broadcast, production, and IP-based. Scientific Drilling International is a worldwide company specializing in independent services such as directional drilling, wellbore navigation, surveying, and logging for clients globally. In 1969, that same year introduced “The EYE. This product allowed directional drillers to more accurately guide downhole motors in wellbores, and the success of the product. It has come to our attention that fraudulent individuals are impersonating SDI and extending false career opportunities via email addresses ending in @sdicareers. Please be advised that all official email correspondence from SDI Inc. In 1969, James Murray, an engineer living in Houston, TX. Samsung SDI has released its fourth-quarter and full-year 2025 financial results, showing signs of recovery despite a challenging market. The buy and build group, focused on companies that design and manufacture specialist lab equipment, industrial & scientific sensors and industrial & scientific products.
