

ST port fiber optic patch cord connector

Overview

ST stands for Straight Tip- a quick release bayonet style connector. ST connectors are cylindrical with twist lock coupling. Patch Cord ST Fiber Optic Cable Assemblies are available at Mouser Electronics. Whether back in the late 1990s or today, you will see 8P8C RJ45 type connectors at the end of Ethernet patch cords and keystone jacks mounted in walls running back to patch panels. These products are fully intermate able with all standard ST products and deliver very high stability under a wide range of applications and conditions. Features Application ST-ST fiber optic patch. A fiber optic patch cord, also known as a fiber optic patch cable or fiber jumper, is a length of fiber optic cable capped at both ends with connectors that allow it to be rapidly and conveniently connected to an optical switch, router, or other telecommunication/network equipment.
