

Samoa Green Power Distribution Box Company

Overview

Greenpower Samoa is a leading renewable energy company in the South Pacific, dedicated to advancing sustainable energy solutions. We specialize in the investment, development, and construction of solar photovoltaic (PV) power stations for residential, commercial, and large-scale applications. With. The EPC was established in December 1972, under the EPC Act 1972, then superseded by the EPC Act 1980 with amendments made under the EPC Amendment Act 1981. For enquiries, please email solar@greenology. Beyond our work in Aotearoa New Zealand, we also actively participate in overseas energy infrastructure. Nestled within the Ministry of Natural Resources and Environment, the Renewable Energy Division (RED) is at the forefront of shaping Samoa's environmental landscape towards a low-carbon economy. Established in 2007, RED has emerged as a beacon of change among the 15 dynamic divisions.
