

Seeking to purchase a three-level distribution box

Overview

When selecting the right 3 phase power distribution box for your application, prioritize models with UL/CSA certification, proper NEMA enclosure ratings (such as NEMA 3R or 4X for outdoor or harsh environments), and sufficient amperage capacity—typically ranging from 100A to 600A depending on load. Check each product page for other buying options. Spa Panel, GFCI Breaker Box, 3 Wire, 120V Single Phase, 20-50A Universal, Steel, IP65 Outdoor Rated, NEMA 3R Compliant, for Hot Tub, Swimming Pool, and Outdoor Environments. Need help?

The Lucy Electric Aerial Bundled Conductor (ABC) distribution boxes are suitable for pole or wall mounting. Manufactured in a high grade ultraviolet (UV) resistant material, the units can receive up to 9 service cables balanced over three phases. Customer focused design for all applications and environments. For procurement professionals, electrical contractors, and project managers, choosing the right Distribution Box (DB Box) is a critical decision that directly impacts system safety, reliability, and long-term operating costs.
