

Surface-mounted waterproof distribution box

Overview

Designed as an IP65 surface-mounted plastic household distribution box with circuit breaker, it helps shield circuits in demanding environments. This box is built for dependable use in residential spaces, small commercial areas, and cross-border applications. IP65 protection: This surface-mounted fuse box has protection class IP65, effectively prevents wind, rain, corrosion and UV radiation and can be used frequently indoors and outdoors. Built with durable materials, CE & ROHS certified. Water and dust can also affect system performance when the right level. Ensure complete protection for your outdoor electrical systems with the Clopal Waterproof Distribution Box, designed for solar PV systems, circuit breakers, and other outdoor electrical needs. Designed to accommodate up to 24 modules (12x2) in compliance with EN 50022 standards, this box offers exceptional protection against moisture and dust, with an IP65.
