

# Transparent Visual Distribution Box

## Overview

A transparent distribution box is an essential electrical enclosure designed to house circuit breakers, fuses, and other control components while allowing for visual monitoring through a clear cover. Widely used in residential, commercial, and industrial settings, these boxes combine safety. Protect your electrical circuits with the HT Series Waterproof Distribution Box. Built from durable ABS plastic with a clear lid, this IP65-rated breaker box safeguards against dust, water, and impact damage. Compact yet versatile, it includes a DIN rail and mounting brackets for quick installation. Its transparent cover allows for easy inspection, and it is made from durable materials for long-lasting performance. The V18 Series electrical distribution box is engineered for AC 230/400V 50/60Hz power circuits, providing a robust and organized solution for managing electrical connections. IP65 waterproof & dustproof, ideal for lighting, control, and automation circuits. CE & RoHS certified enclosure, durable for both indoor and outdoor use.
