

Which Belgian company makes good anti-corrosion cable trays

Overview

Trayco is specialised in producing and optimising 100% Belgian cable trays, mesh trays, cable ladders, mounting and floor systems. We also play an important role as advisor and guide during the installation process. Our company (founded in 2012) has quickly become an established player in the cable. Cable Trays are designed to meet most requirements of cable and electrical wire installations and comply to local and international standards of fabrications and finishes. Both Polyester & Vinyl ester resin systems are available. From power plants to fertilizer industries, paper mills to. This form of galvanization affords very good value-for-money anti-corrosion protection in atmospheres with a pH value of between 6 and 13. However, in acidic environments where pH levels fall below 6 and in alkaline environments where the pH value exceeds 13, the protective zinc layer breaks down. The P31 perforated sheet metal cable tray guarantees very high fire resistance. It is certified E 30/E 90 in line with DIN 4102-12 standard. Can carry a very large number of cables: a solution ideal for large sites.

Article Content

Trayco products: high-quality cable support systems | Trayco

Trayco has an extensive range of high-quality cable trays, cable ladders, mesh trays, mounting systems and floorsystems.

Cable Tray Corrosion Protection Guide

Discover the best practices for cable tray corrosion protection, including load capacity, materials, and customized solutions for various applications.

Cable support systems

Welcome to Vergokan's website, your specialist in metal cable support systems: cable trays, wire cable trays, cable ladders, floor installations, mounting systems

Cable Tray Protects Cables from Corrosion

High corrosion resistance. The high quality material and excellent ant-corrosive surface treatment make the cable tray has perfect corrosion resistance

Anti-Corrosion Measures for Cable Trays Near Coastal
